* Not in agreement with the amount reported at the close of previous year because of minor necessary adjustments, as shown in report of County Superintendent.

** This amount was included in the cash balance at the close of previous year.

† In some counties the amount shown is not in agreement with the amount reported at the close of the previous year for the reason that liquid investments were not included in report of the County Superintendent prior to 1941-42, while in other counties the purchase price of investments was reported in prior years rather than the par value.

* Not in agreement with the amount reported at the close of previous year because of minor necessary adjustments as shown in report of County Superintendent.

** This amount was included in cash balance at close of previous year.

† In some counties the amount shown is not in agreement with amount reported at the close of previous year for the reason that liquid investments were not included in reports of the County Superintendent prior to 1941-42, while in other counties the purchase price of investments was reported in prior years rather than the par value.

(1) General Control not comparable with subsequent years because of change in classification of accounts.

(2) This amount could not be distributed among items of current expenditures for the reason that prior to 1929-30 present classification of accounts was not in use.

(3) Prior to 1933-34 disbursements from Support and Maintenance Funds, District Interest and Sinking Funds, and District Bond Construction Funds were not reported separately.

(4) Since 1937-38 accounts of funds for the Support and Maintenance of Schools have been on an accrual basis. EXPENDITURES for 1937-38 represent actual payments made during the year from funds for the support and maintenance of schools, plus unpaid obligations incurred during the year amounting to \$323,670.43 (vouchers unpaid), plus current loans unpaid at the end of the year amounting to \$250,556.43, plus obligations of previous years which had not been charged as expenditures until 1937-38 and which are estimated to be at least \$300,000. Thus disbursements from funds for the support and maintenance of schools for 1937-38 were approximately \$875,000 less than the recorded expenditures for that year. The 1937-38 disbursements for the support and maintenance of schools were, therefore, approximately \$19,986,000—or nearly \$307,000 less than the disbursements from the support and maintenance funds during 1936-1937.

(5) Does not include other items such as Purchase of Investments, Liquid Investments, Frozen Balances, Transfers, etc., after 1937-38.

(6) Unreconciled difference—Receipts and Expenditures.

(1) Salaries reported prior to 1937-38 represent actual annual disbursements and in some years salaries contracted for were not paid in full. Since 1937-38 accounts have been on an accrual basis and amounts represent actual disbursements plus obligations incurred during the year. Amounts given for each year include salaries of Supervisors, Principals, and Teachers.

(2) Prior to 1936-37 disbursements for transportation reported under Auxiliary Agencies included operation and new buses. Beginning with 1936-37 payments for new buses have been reported under Capital Outlay, and since 1939-40 Insurance has been reported under Fixed Charges.

(3) Amounts paid for new buses, reported under Capital Outlay, not included in current expenses after 1936-37.

(4) Original cost of school property estimated after 1936-37.

(5) Payments reported for Interest for 1929-30 to 1931-32 evidently include interest on bonds and time warrants, as well as current interest.

(6) Beginning with 1933-34 fees for Collectors and Assessors for Interest and Sinking Fund Taxes are included, but are not included after 1937-38.
